

## Press Release

02.09.2009

### **International FoodTec India, Dairy Universe India & Sweet & Snack Factory India will open for the 6<sup>th</sup> time during September 17 – 19, 2009**

India, with its huge population has emerged as one of the major consumer markets in world. With food being one of the basic needs and the changing trends in the food habits from conventional food to ready to eat or processed food makes food processing industry one of the key industries touching the lives of millions of people in their day-to-day life. Analyzing the needs of this fast growing industry, Koelnmesse, one of the leading trade fair organizing companies in the world has launched a satellite show of their world's leading trade fair on food and beverage technology, Anuga FoodTec in the year 2002 with the name, International FoodTec India.

Since then, International FoodTec India with its incorporated events, Dairy Universe India and Sweet & Snack Factory India catering to the technological needs of dairy and snack industry respectively have grown step by step to become India's leading and the most sought after trade fair on the food processing industry. The 6<sup>th</sup> edition of this trio of events will open its doors during September 17 – 19, 2009 at HALL V, Bombay Exhibition Center, Mumbai.

We can say, this is the only trade fair in India which covers all the steps in the food processing cycle starting from food processing technology to automation to food safety and quality management to operating materials to refrigeration and air-conditioning technology to conveying, transport and storage including the dairy technology, equipment for confectionery and snack production and service firms, organizations, publishers.

This year's edition of International FoodTec India is also receiving very good participation response from both India and abroad including participation from around 15 countries and group participation from China, France, Germany &
